SlideShare for research, sharing ideas, and learning about new technologies. SlideShare supports documents and PDF files, and all these are available for free download (after free registration).

Comparison Of Dichotomous And Polytomous

Polytomous models have a line that

Get Free Comparison Of Dichotomous And Polytomous

models each possible response. The line for the highest point value is typically S-shaped like a dichotomous curve. The line for the lowest point value is typically sloped down like the 1-P dichotomous curve. Point values in the middle typically have a bell-shaped curve.
