Holden Captiva Engine Light

Two weeks ago the engine light in my 2010 Holden Captiva came on and stayed on. I bought it last October and took it back to the used car dealer I bought it from to get it fixed. They plugged a computer in to it and reset it. The guy said it should be ok now, and that it was probably caused by a bad batch of petrol, but it came on again.

Holden Captiva 2010: Engine light - FAQ | CarsGuide

The Chevrolet Captiva / Holden Captiva engine warning light, also known as engine malfunction lamp (MIL) comes on if a fault exists in the emission related components or related sub systems. The check engine light will remain on as long as the Engine Control Module (ECM) detects the fault.
