Is Nothing Something?: Kids' Questions and Zen Answers ...

This isn't exactly a question more of an answer than anything, but nothing is in fact something, because nothing exists even as an idea of something that is missing, or void as an not there; But even if it is only an idea, it exists, and because there was nothing before there was what we call "something" there was in fact already something there being, "nothing" And because this is how the universe works, the Red Shift Theory, means that we are expanding into "something" new, something ...

Q & A: is nothing something? | Department of Physics ...

Question: "Do you tell me (something/anything) about families?" I thought "anything" was correct, because "any" is used in question. But "something" was the correct answer in the book. Why was "something" correct? Answer: You are right that as a general rule "any" is usually used in questions, rather than "some."
