Mars is Ben Bova's love letter to space exploration; it's a novel-length booster for a manned Mars program. A very well-conceived and engaging (in places) novel, you should not read it expecting it to be space opera or really, any kind of adventure aside from the inevitable dangers of flying to another planet.

Mars, Inc. | Book by Ben Bova | Official Publisher Page ...

Ben Bova weaves a compelling, realistic tale of man's first mission to Mars. This is a plot-line that has been pretty well beaten to death, but Bova has created a story that, I think, explores the complexities and possibilities of our first exploration of the Red Planet. The strength of this book is definitely in
