It seems like the Metcalf & Eddy Wastewater book was recommended by a lot of people.. There is a \$5.00 version from 1972, and the current \$240 version. Will the 1972 version be relevant to the PE exam? The reason I even consider this is because the CA survey exam had a plethora of questions about outdated surveying equipment, so its possible the 1972 may be very useful if the Water Resources ...
